To The
HR Manager,
Preg-Tech Communications Ltd (PTC)
Plot 15, Lugogo Bypass (Head Office), Kampala, Uganda

Dear Sir/Madam,

Ref: Application for the post of Database Administrator

Receive and accept my application for the post in ref above, as published on theugandanjobline.com website. I hold a Bachelor's of Science in Computer Science from Makerere University, Kampala, OCA 10g, partially OCP 10g Database Certifications.

I have close to 10 years of working experience where I spent four years at Warid Telecom Uganda Limited as both a NOC administrator and executive IT systems, three years with Bamka Technologies Limited as a Software developer and currently am working as a software engineer at Olify Uganda Limited, where am involved in the analysis, design, development, implement, and support of the Electronic Medical Records Information System (EMRIS) to keep track of the patient information in various medical centre's in Uganda.

Basing on the responsibilities which are needed for the job, they are familiar to me and my aspiration to work with such a reputable organization. I would be glad if my application is considered and to tell you more about my skills set.

Attached is a copy of my resume and academic documents.

Yours faithfully

Masiga Moses

CURRICULUM VITAE

PERSONAL INFORMATION

Name **MASIGA MOSES**

Permanent Address **Elaa Complex Nakulabye, Kampala**

Mobile **+256 704 008863**

E-Mail masiga2005@gmail.com, emacsone@aol.com

Nationality **UGANDAN**

Date of Birth **February 9, 1984**

WORK EXPERIENCE

• Dates	January 2017 TO DATE
• Name and address of employer	Olify Uganda
• Type of business or sector	IT CONSULTING
• Occupation or position held	Software Engineer
• Main activities and responsibilities	• Passionate about Microservices architecture with spring boot • Technically support the implementation of e-HMIS/ EMR within private hospitals and medical centre's. • Support system customization and maintenance electronic medical records systems. • Train and mentor core information and data management staff at the private hospitals and medical centre's on e-HMIS/ EMR. • Supporting the roll-out and maintenance of new or old Electronic Medical Records Information Systems. • Perform onsite visits in-case of any system failures. • Study, recommend and participate in the harmonization of the software platforms for data capture, storage, analysis, sharing, linkage, dissemination and utilization. • Design and implement powerful, highly scalable, and reliable distributed software services • Create database models for large volumes of data using both traditional Relational and NoSQL Database Systems • Work as a team with other software developers to successfully deliver new products and features, • Experience with full life cycle development: requirements gathering, analysis, design, coding, unit testing, and acceptance testing • Strong working knowledge with Object-Oriented Analysis, Design, and Implementation • Hibernate 4, 5 ORM, Object Graph Mapping (OGM), Spring web framework, Laravel, codeigniter, and flask framework

	• JUnit, Mockito, TestNg java testing frameworks • Maven, SOA, Web services, SOAP, XML/HTTP, Servlets, Tomcat, JDBC, REST, and HTML • Experience in UI frameworks and technologies (e.g.Ajax, jquery, CSS, JavaScript, bootstrap etc) • Java and J2EE development and analysis experience including SQL coding • Experience with MySQL, Oracle, or SQL Server databases • Experience with designing and developing distributed web applications using PHP/MySQL, C#, html, css, jsp, java, micro-services, eclipse IDE, neo4j, angularjs, slack, Git vcs, pivotaltracker for project management etc.

• Dates	January 2012 TO DATE
• Name and address of employer	Bamka Technologies
• Type of business or sector	IT CONSULTING
• Occupation or position held	Software Engineer
• Main activities and responsibilities	• Design and implement powerful, highly scalable, and reliable distributed software services • Create database models for large volumes of data using both traditional Relational and NoSQL Database Systems • Work as a team with other software developers to successfully deliver new products and features, • Collaborate with business leadership, product management and other engineers to achieve your technical vision • Experience with full life cycle development: requirements gathering, analysis, design, coding, unit testing, and acceptance testing • Strong working knowledge with Object-Oriented Analysis, Design, and Implementation • Hibernate 4 and Spring web framework • Experience with Symfony2 web framework for PHP applications, • Maven, SOA, Web services, SOAP, XML/HTTP, Servlets, Tomcat, JDBC, REST, and HTML • Experience in UI frameworks and technologies (e.g.Ajax, CSS, JavaScript, c.) • Java and J2EE development and analysis experience including SQL coding • Experience with MySQL, Oracle, or SQL Server databases • Designing and developing mobile applications using android studio • Research and analyze the current and future trends in the ICT industry and be able to come with innovative ideas. • Transform ideas into finished products that can be used by the company customers. • Experience with designing and developing distributed web

	applications using php/mysql, html, css, jsp, java, eclipse IDE, neo4j etc.

Dates	DECEMBER 2007 TO JUNE 2008
Name and Address of the Employer	WARID TELECOM UGANDA LIMITED P.O BOX 70665, KAMPALA
Type of Business or Sector	TELECOMMUNICATIONS
Occupation or Post held	IT EXECUTIVE NOC
Main Activities and Responsibilities	• Ensure adequate coverage for 24/7 environment so that the network infrastructure is running effectively at all times • Monitoring all backbone links and network devices. • Ensuring continuous operation of servers and services. • Providing quality support for corporate customers. • Troubleshooting of all network and system related problems • Opening tickets in help desk system to track and document resolution of problems. • Resolve Hardware and Software related problems/issues

Dates	JULY 2008 TO DECEMBER 2012
Name and Address of the Employer	WARID TELECOM UGANDA LIMITED P.O BOX 70665, KAMPALA
Type of Business or Sector	TELECOMMUNICATIONS
Occupation or Post held	IT EXECUTIVE SYSTEMS
Main Activities and Responsibilities	• Installation, configuration of Oracle Database 10g, 11g with Real Application Cluster (RAC) on Red Hat Enterprise Linux Server 3, 4 and 5 (RHEL5). • Installation, configuration of Oracle Database 10g, 11g with RAC/ASM on AIX 5L • Experience in the following Oracle technologies; Oracle Partitioning, Oracle Data Warehouse design and administration, Oracle Automatic Storage Manager, Data Guard, Performance monitoring and tuning, Enterprise

manager.

- Backup and recovery configuration and monitoring using RMAN,
- Perform periodic performance reporting to support Capacity Planning.
- Troubleshooting as well as resolving oracle database problems.
- Providing necessary Reports to manage, plan and support oracle configuration.
- Provision of operational support for Oracle Database infrastructure.
- Configuration of Oracle infrastructure components. Choosing a storage system for Microsoft SQL Server 2005, 2008, & 2012.
- Developing T-SQL scripts with Microsoft SQL Server 2005, 2008, & 2012.
- Designing databases with Microsoft SQL Server 2005, 2008, & 2012 using SQL Server Management Studio
- Designing the database Server infrastructure by using Microsoft SQL server 2005, 2008 and 2012
- Maintaining database high availability through database mirroring, log shipping, Replication and Failover Clustering
- Managing Database Backups and recovery using SQL Server Management Studio.
- Microsoft SQL Server 2005, 2008, & 2012 Memory configuration
- Designing Database Backup and Disaster Recovery Strategy
- Designing Database Archiving Strategy
- Failover Clustering Installation and Configuration.
- Cloning Oracle databases, Enabling database audits.

EDUCATION AND TRAINING

• Dates • Name and type of organization providing education and training • Principal subjects/occupational skills covered	January, 2012 TO-DATE Candidate of VMware Certified Professional (VCP)
• Dates • Name and type of organization providing education and training • Principal subjects/occupational skills covered	2009 MAKERERE UNIVERSITY, KAMPALA ORACLE DATABASE 10g: ADMINISTRATION I , INTRODUCTION TO ORACLE 9i: SQL, ORACLE DATABASE 10g: ADMINISTRATION II
• Title of qualification awarded	OCA 10g, OCP 10g
• Dates • Name and type of organization providing	2004 TO 2007 MAKERERE UNIVERSITY, KAMPALA

education and training

- Principal subjects/occupational skills covered
- Title of qualification awarded

COMPUTER SCIENCE

BACHELOR OF SCIENCE IN COMPUTER SCIENCE AND CCNA

- Dates
- Name and type of organization providing education and training
- Principal subjects/occupational skills covered
- Title of qualification awarded

2002 TO 2003

BETHANY HIGH SCHOOL NAALYA

MATHS, ECONOMICS, GEOGRAPHY, G.P.

ADVANCED LEVEL CERTIFICATE

- Dates
- Name and type of organization providing education and training
- Principal subjects/occupational skills covered
- Title of qualification awarded

1998 to 2001

MASABA COLLEGE BUSIA

PHYSICS, MATH, COMMERCE, CHEMISTRY, BIOLOGY, HISTORY, ENGLISH, AGRICULTURE, GEOGRAPHY

UGANDA CERTIFICATE OF EDUCATION

MAJOR PROJECTS UNDERTAKEN

- DESIGNING AN ONLINE DATABASE MANAGEMENT SYSTEM FOR EDUCATIONAL INSTITUTIONS IN UGANDA
- SERVER, STORAGE VIRTUALIZATION AND CONSOLIDATION
- IMPLEMENTING ORACLE DATABASE 10G, 11G RAC/ASM ON RED HAT, AIX AND SOLARIS WITH SAN STORAGE

Languages Spoken

ENGLISH

• Reading skills • Writing skills • Verbal skills	EXCELLENT EXCELLENT VERY GOOD LUGANDA
• Reading skills • Writing Skills • Verbal skills	GOOD GOOD VERY GOOD LUSAMIA
• Reading skills • Writing skills - Verbal skills	EXCELLENT EXCELLENT VERY GOOD
SOCIAL SKILLS AND COMPETENCES	Interacting with new people with many challenges Team work, Being self-driven Provide good communication skills with team members. Provide good analytic skills
TECHNICAL SKILLS AND COMPETENCES	Database Administration (Oracle and SQL Server 2005, 2008), UNIX/Linux System Administration, Server Virtualization, and Project Planning and Management.
ADDITIONAL INFORMATION	To associate with a progressive organization that gives me scope to learn and apply my skills. With hard work that would dynamically work towards the growth of the organization, along with my own career development.
